## New Business

Discussion on welcoming new folks interested in the SCA.

- ◆ Point – I have a person, complete stranger, interested in more information, what do I tell them?!
- ◆ Send them to website and invite to activities.
- ◆ BUT we don't have a "public" newcomers opportunity. Most folks aren't going to come to someone's house on their own.
- ◆ Discussion about having a demo just for the sake of having a demo – getting new folks
- ◆ New options for welcoming can be discussed with new Chatelaine.
